PATIENT RESPONSIBILITY

It has become almost impossible for our staff to keep up with the constant changes in health insurance benefits for individual policies. Therefore, you must take the responsibility to be informed regarding your insurance coverage.

It is important for you to remember that your insurance contract is between yourself and your insurance company. Failure in knowing your benefit coverage could result in unnecessary expenses to you, the patient.

I acknowledge and accept any financial responsibility for services rendered by Gammons Medical and/or Laboratories used by Gammons Medical that may not be covered by my insurance company.
